10.2 miles

 Natural Lands encourages visitors to learn about and follow Leave No Trace's principles for low impact use of natural areas. [www.LNT.org](http://www.LNT.org)

### **PRESERVE IS OPEN SUNRISE TO SUNSET ONLY**

#### **leashes required**

Dogs must be leashed at all times to protect wildlife and other visitors. Violators may be asked to leave.

#### **pick up poop**

Dog waste is a health hazard for people, wildlife, and plants. Please bag your pet's waste, and take it with you. Please come prepared with your own waste bags.

#### **foot traffic only**

No motorized vehicles or mountain bikes, please. Such vehicles can be destructive to plants and wildlife and disrupt the quiet experience others come to enjoy.

#### **stick to trails**

Please stay on designated trails to protect fragile plants, prevent erosion or wildlife disturbance, and reduce the chance of tick-borne illnesses.

#### **take your trash**

Please pick up all trash and take it with you when you go, even biodegradable materials like food scraps, which are unsightly and attract scavengers that can harm native wildlife.

#### **leave it as you find it**

Please leave all plants, flowers, animals, rocks, and artifacts for all visitors to enjoy. Do not disturb research and education activities.

#### **hunting and fishing**

Hunting, fishing, and trapping are not permitted. Deer hunting is by special permit only. Visit [natlands.org/hunting](http://natlands.org/hunting) for permit information.

#### **horseback riding is prohibited**

#### **swimming and jet ski use are prohibited**

#### **photography**

Amateur photographers are welcome to take casual photos or videos (tag them with #NatLands!). Portrait photography is prohibited except when pre-arranged. Visit [natlands.org/photography](http://natlands.org/photography) for more information.

#### **no drones** without prior, written permission.

Visit [natlands.org/beforeyouvisit](http://natlands.org/beforeyouvisit) for more information.

#### **no picnicking or alcohol**

## before you visit...

- Biting flies and ticks are common on the preserve, especially from May to September. Trails are minimally maintained during this period. Long pants and long-sleeved shirts, repellents, and head netting are recommended.
- Before using the water trails, check tide charts at [saltwatertides.com](http://saltwatertides.com). It is best to plan your trip around high tide (i.e., one hour before to one hour after). For your safety, stick to marked water trails.
