On Friday, June 7<sup>th</sup>, the ever-amazing Saturn, a brightly shining Jupiter, and a dazzling Mercury will glimmer overhead. But they'll have to compete for attention as we gather at our 1,282-acre ChesLen Preserve in southern Chester County—this year's host for Natural Lands' annual Stardust! Summer Celebration. Don't miss the region's unofficial kick-off to summer! An evening of cocktails, roving supper, and twilight magic—all wrapped in a stunning landscape and sweeping vistas—awaits.

Over our 65-year history, Natural Lands has saved more than 125,000 acres of land, including 43 nature preserves spanning 13 counties in two states—an accomplishment that now enables more than 2.5 million people to live within five miles of lands under our permanent protection.

Stardust! proceeds advance Natural Lands' highest regional priorities for saving open space, caring for nature, and connecting people to the outdoors. Event sponsorship provides an opportunity to stand with other business, civic, and philanthropic leaders in ensuring nature for all. Join our constellation of conservation supporters today!
