land for life. nature for all.

Natural Lands is dedicated to preserving and nurturing nature's wonders while creating opportunities for joy and discovery in the outdoors for everyone. As the Greater Philadelphia region's oldest and largest land conservation organization, Natural Lands—which is member supported—has preserved more than 125,000 acres, including 43 nature preserves and one public garden totaling more than 23,000 acres. Nearly five million people live within five miles of land under the organization's protection.
